To the Recruiter

Dear Recruiter,

*I'm not here to impress with certificates;
I stand out with skills that speak for themselves.*

Current Project

- **Motus** | Event transportation company
 - Engineered an end-to-end **Event Transportation Management System** for an event transportation company.
 - Streamlined booking processes, driver assignments, and event tracking functionalities.
 - Designed and implemented features for creating and managing events, projects, and rides.
 - Developed a user-friendly interface to manage team details and facilitate efficient communication.
 - Demonstrated proficiency in **full-stack development**, delivering tailored solutions to enhance event management workflows.
- **React | Redux | NodeJS | RTK Query** | Express.js | Responsive Design | Git | Version Control | Agile | Data Management | **Frontend-Backend Integration** | User Authentication | Event Tracking | Data Visualization
